- 25X1 28 September 1952. [] belongs to an unidentified tank unit of the
21st Gds Mecz Div in Halle.
- 25X1 (a) [] large rail movements are to be expected on 1 and
3 October 1952; possibly units of the Eighth Gds Army will return by rail from
the troop training grounds.
- (b) The assembling of the two trains was previously reported []
- 25X1 [] The dispatching units were the 70th Gds Mecz Regt of
the 21st Gds Mecz Div, [] from Halle, and the 117th Gds Mtz Rifle Regt
of the 30th Gds Mtz Rifle Div, [] from Meiningen. Thus, the 117th Gds
Mtz Rifle Regt is confirmed until 27 September 1952. As troop units dispatched
the two shuttle trains, it is believed that they transported soldiers.
